

YES - See the world

Recently the Waikato - King Country Regional Young Enterprise Scheme Annual Awards were held at Wintec. King Street Advertising managing director Chris Williams was MC for the evening and spoke with passion challenging all the young finalists in the room to "see the world".

to tackle the challenges of your life and you'll develop an open mind that will keep it young and rich...

The more you see, the more you'll understand about the world and the more likely you are to see opportunity.

Opportunities to make life easier for people, opportunities for new products, services, technologies, ways to communicate, ways to get around. Opportunities that change the way we operate and behave in some way.

Opportunities that could help you become the next Sam Morgan or Geoff Ross or even Steve Jobs.

But it's impossible to change anything that you never knew about in the first place..."

Hauraki Plains College received the top score for the Waikato/King Country overall.

They produced a record of original soundtracks written by people in their school.

They will represent the Waikato/King Country region at the National Lion Foundation Young Enterprise Scheme Awards on December 1 in Wellington.

The YES Regional Runner Up was Stripes and Stars Apparel from Waikato Diocesan School for Girls.

This company successfully produced and sold a range of casual American styled tee-shirts.

The University of Waikato Leadership Award went to Jessica Watkinson who was also placed second in New Zealand out of 1200 entrants in the Young Enterprise Scheme examination.

Chris said: "if you want to change the world in some way, you must see it first. I'm not saying that you have to visit every corner of the world...but you do need to see what it is all about from other perspectives.

From the other side of the bar, from the end of a broom... from the streets that don't make the marketing brochures, from the view that others would rather you didn't see.

You need to walk a mile in the shoes of as many different people as possible ...

When you do this, you'll be so much better equipped
